Sol Sarratea Brooklyn, NYC

computational artist

contact@solsarratea.com www.solquemal.com

EXPERIENCE

ACTUAL

RECURSE CENTER

Participant

Working on interactive playground with GLSL shaders and Three.js to visualize and explore mathematical concepts based on feedback systems, such as fractals and reaction diffusion equations. Building personal website, and enriching my creative practices developing projects which provide medium to explore the intersection between technology, art and

Leading interest group on Discrete Differential Geometry . Learnt about category theory. Preparing presentations. Prepared workshop on Hydra, javascript framework environment for livecoding visuals. Material was thought to introduce video feedback synthesis and pattern formation in image processing systems.

ACTUAL | PHASE VIDEO - BROOKLYN AUDIO VISUAL LAB Participant

Designing a neural network trained with cellular automatas. Preparing as well as attending workshops for audiovisual performances. Organizing streaming events.

2018-2020

MANAS TECHNOLOGY

Full Stack developer

Developed different projects such as:

Planwise: designed algorithms with geospatial optimisation techniques to existing data on population, road networks and health facilities. Sikoba: learnt and experienced domain-driven design for a blockchain-based system to register, track and clear debt. Social Mama: was in charge of full stack app development. Worked

remotely with Indian team.

2015-2020

UBA

Facilitator of extension activities

Took part of divulging events organized by the science faculty. Prepared presentations.

EDUCATION

2018-ACTUAL COMPUTER SCIENE Degree, Universidad Nacional de Buenos Aires 2013-2016 Completed 60% towards Maths Degree, Universidad Nacional de Buenos Aires

LANGUAGES

SPANISH: native

C2 Level - Cambridge certifications ENGLISH:

SKILLS

Programming:GLSL, JAVASCRIPT, C ++, P5.JS, PROCESSING, CRYSTAL, POSTRGESQL, CLOJURE, CLOJURESCRIPT, PYTHON

Frameworks: THREE.JS, REACT, REACT-NATIVE, REFRAME, ELM, WEBPACK

INTERESTS AND ACTIVITIES

Perform livecoding visuals : member of Clic- Colectivo de Livecoding and bu3namigue, creative organization with friends.

Likes to collaborate in open source projects. When AFK enjoys playing the piano, painting, running and hiking.
